## February Class

The February class is on the 4<sup>th</sup> in Denver at the 1<sup>st</sup> Universalist Church, 4101 E. Hampton Ave, Denver 80222.

## TRIP EQUIPMENT LIST

I am including the equipment list so you can begin to think about what you need to take down the road.

1. ONE piece of luggage, which we will provide at the last retreat. ONE day pack to hold things needed on the bus. DO NOT bring a backpack with frame.

2. A sleeping bag is required. An air mattress or foam pad may be included (as long as it fits in your sleeping bag cover). We will issue the cover at the last retreat.

3. Clothing - All trippers will need clean, neat clothing, (nice looking jeans with no holes are ok). For our time at Hopi, girls need modest dresses or skirts, guys need button front shirts and slacks or good jeans. Sandals, high heels, fancy clothes are not practical. Avoid clothes that are too short, too tight, see through, or have offensive messages on them.

4. Include WARM clothing. Coats are required. We are going to Flagstaff, not Phoenix. Northern Arizona is fairly high and can be cold this time of year. A water-proof jacket is a good idea. Hiking boots that will double as snow boots are also good.

5. Bring enough clothes for ten days. Laundry facilities are not available. Some sort of plastic bag would help keep your clean clothes from smelling like your dirty ones.

6. Include all necessary toilet articles: towel, wash cloth, (plus a small plastic bag for the wet cloth), soap, toothbrush and toothpaste, shampoo, deodorant, etc.

7. **Don't forget your spill-proof, no-break travel mug.**

8. Chapstick, sunscreen, and a hat to protect your skin from sun.

9. Cameras are optional. There are some places where you can't use your camera.

10. The trip fee covers food, lodging, admissions, etc. You can get along with as little as \$5 to \$10 but take what you want to spend.

11. If you wear contact lenses, bring your regular glasses as well. The wind can play havoc with contacts.

12. Remember your two sack lunches for the first day. Keep junk food to a minimum. Lots of wrappers make bus cleanup tough.

13. Do **NOT** bring electronics!!! **DO** bring an instrument if desired.
